Lot: 0006361925

Catalog Number: 5190-8850
Product Name: OneSeq Human Reference DNA, Female
Expiration Date: 2019-12-30
Quantity: 125 μl (0.2 μg/μl)
Certified By: Dana Faver
Quality Controlled By: Matt Huffman
Shipping Conditions: Shipped on dry ice.
Storage Conditions: Store at +4°C upon receipt.

Description
OneSeq Human Reference DNA, Female, is genomic DNA isolated from female human cells. It can be used as a reference sample in a OneSeq target enrichment protocol.

Test Conditions
The concentration and purity of the reference DNA are verified by measuring the A_{260/280} absorbance ratio on a spectrophotometer. The quality of the DNA is confirmed by gel analysis of restriction-digested fragments.

Limited Product Warranty
This warranty limits our liability to replacement of this product. No other warranties of any kind, express or implied, including, without limitation, implied warranties of merchantability or fitness for a particular purpose, are provided by Agilent. Agilent shall have no liability for any direct, indirect, consequential, or incidental damages arising out of the use, the results of use, or the inability to use this product.

For Research Use Only. Not for use in diagnostic procedures. This certificate is a declaration of analysis at the time of manufacture.
